Latest update - We did manage to empanel today, but because the judge has a doctor's appointment tomorrow morning, and because defense counsel is (of course) filing last minute motions that need to be heard, we are not now doing our openings until Thursday. Obviously that is when I was planning on having you on. But I really need to get all the seized drugs introduced through my first three witnesses before your testimony will make sense. Is it possible you could come to Woburn Friday instead?

Annie - we are looking like a go on the [REDACTED] case for tomorrow morning, so I expect I will need you and Dan on 3-10. I tried the best I could to get a stipulation, but they wouldn't budge.
